

Evermount Company (EMC)

Waste Management Services

Committed to a Cleaner, Safer Kingdom

Post Box 1678, Sabya 45931 KSA

WHO WE ARE

About Evermount Company (EMC)

Evermount Company (EMC) is a licensed waste management and transportation service provider operating in the Kingdom of Saudi Arabia.

We specialize in the collection, transportation, and disposal of both General and Hazardous Industrial Waste, ensuring full compliance with Saudi Arabia stringent environmental regulations.

Our operations are aligned with the National Center for Environmental Compliance and National Center for Waste Management (MWAN) standards, making us a trusted partner for multinational and local industrial companies across the Eastern Province and beyond.

WHY CHOOSE US?

Fully Licensed

Authorized by the National Center for Waste Management (MWAN) to carry out all Environmental & Waste Handling Services in the Kingdom.

Regulatory Compliance

Our operations align fully with KSA's 2021 Waste Management Law — protecting you from fines up to 30M SAR or 10 years imprisonment.

End-to-End Service

From collection and transportation to final disposal, we manage your complete waste lifecycle with state-of-the-art equipment and expert teams.

OUR COMMITMENT TO YOU

Safety First

Strict safety protocols across all operations. Our teams are trained, certified and equipped with appropriate PPE.

Environmental Responsibility

We treat waste disposal as a moral responsibility. Every action is guided by our commitment to preserving the environment.

Reliable Fleet

Modern, well-maintained fleet of vacuum tankers, skip bins and water tankers — ready to respond at any time.

Waste-to-Value Mindset

We actively seek opportunities to reduce, reuse and recycle industrial waste wherever regulations permit.
